

Grammarly uses single sign on.

Dear Students,

Grammarly is a writing support tool that helps with spelling, grammar, punctuation, and concise writing. It can also make suggestions to improve clarity, adjust your tone, detect plagiarism, and other helpful insights to assist you in all assignments that include a writing component of any size.

NWHSU is pleased to offer students and faculty free access to this premium academic version of Grammarly.

To Create Your Account:

1. Use the computer you will use for most of your schoolwork.
2. Click this link: [Create Account Using NWHSU Credentials](#)
3. You may need to log in using your "@nwhealth.edu" e-mail address and password.
4. You will arrive at the Grammarly EDU application.
5. This access includes add-ins for Microsoft Office and various browsers; some installation may be required.

Once you have created your account, you may access/install Grammarly on your other devices.

For additional details, plus a link to Tips & Tutorials, please visit: <https://nwhealth.libguides.com/writing/grammarly>

If you need technical assistance with Grammarly installation, contact the IT Help Desk. Look out for announcements from the Library regarding training opportunities.
